Faculty Rep Training 2025

This training will let you know what you can expect from this role, who will be supporting you, and what your duties will be.

Before we get started, can everyone please introduce themselves? Let us know your name, your course, and which Faculty Rep role you now hold.

Any questions so far?

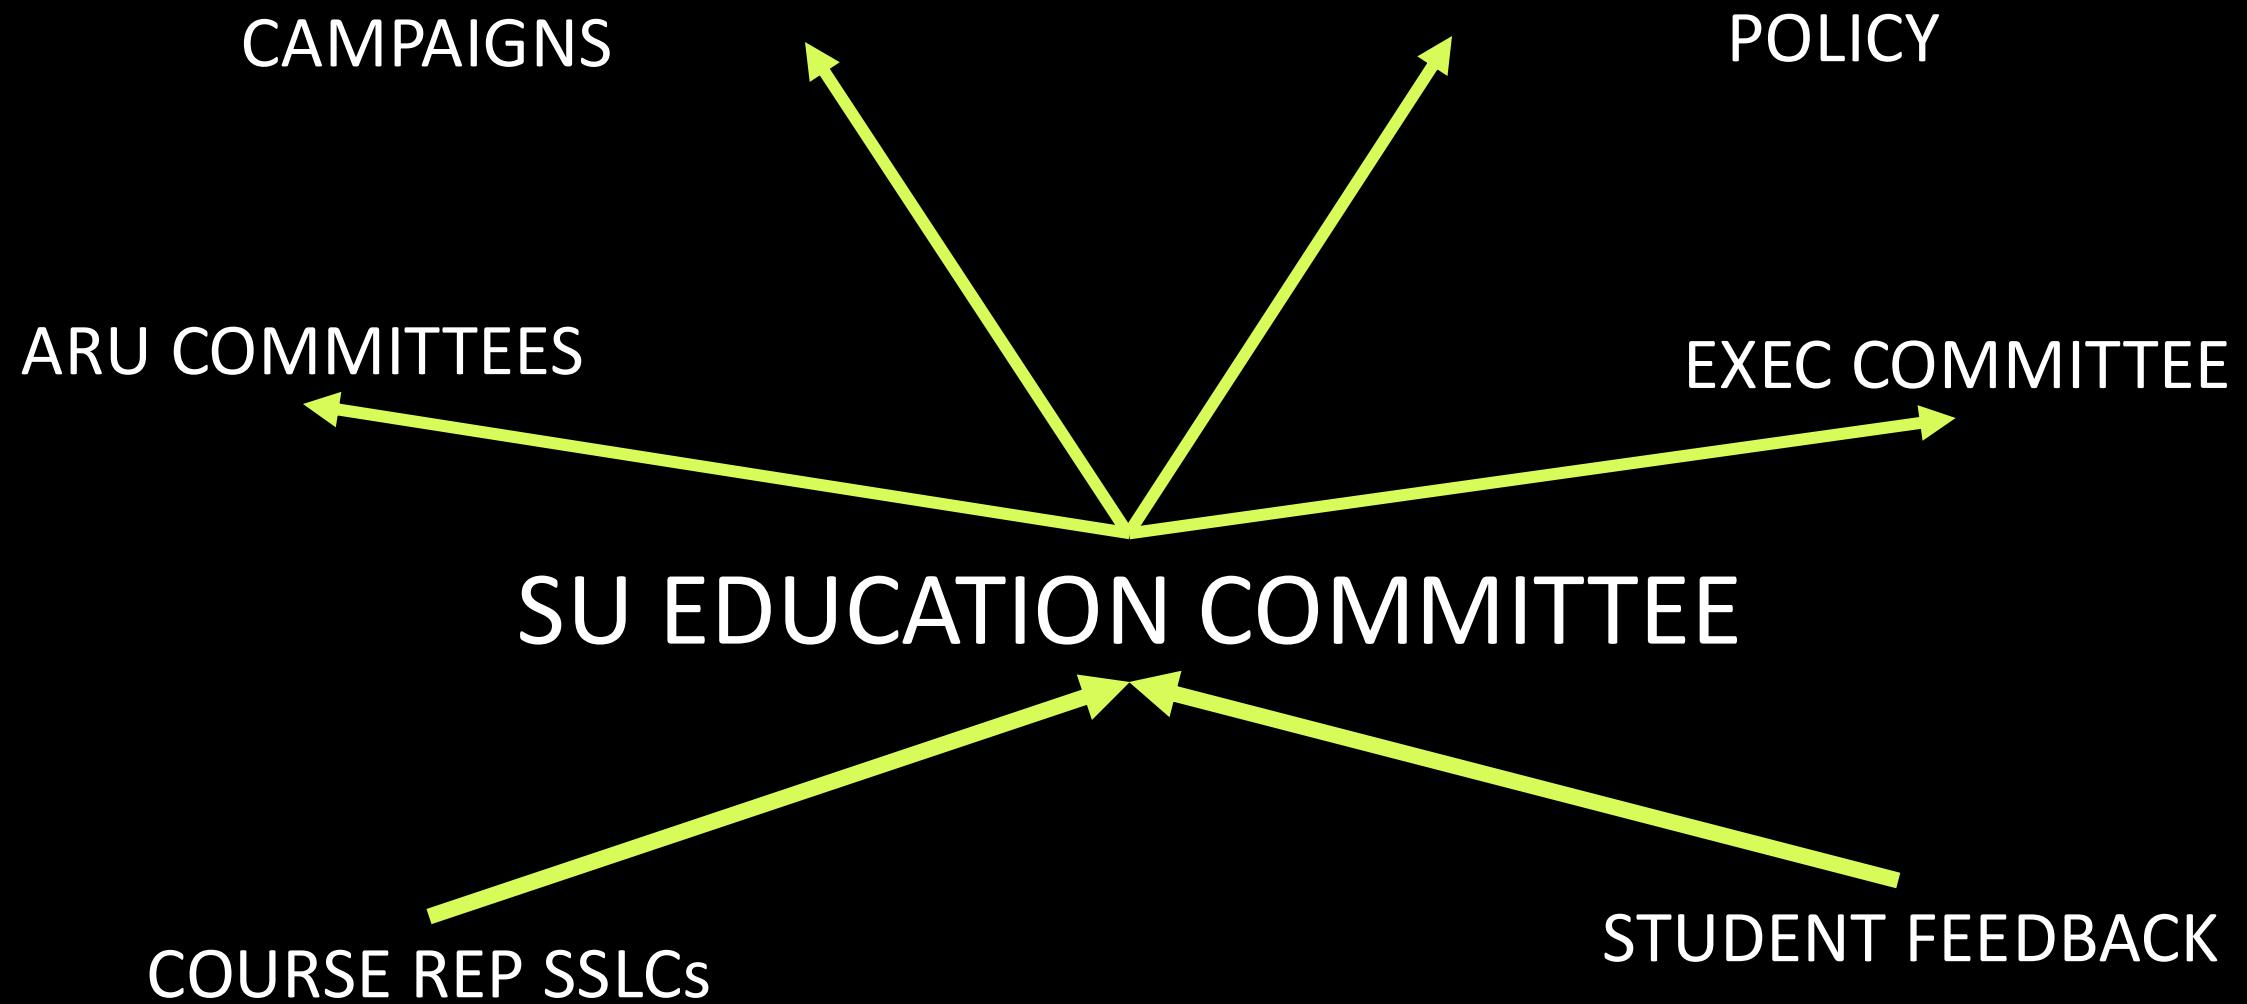

SU EDUCATION COMMITTEE

As a Faculty Rep you will be invited to be part of the Education Committee.

This is a cross-campus online forum held in November, March, and June. There will also be face-to-face drop ins with the VP Education throughout the year.

The role of a Faculty Rep in this committee is to present the views, concerns, and feedback collected from course reps and students within the faculty, provide feedback on academic experience and work collaboratively with academic and professional staff to identify solutions to ongoing issues.

One member of the Education Committee will also sit on Exec.

ARU Committees

- As a Faculty Rep you will also be invited to be part of your faculty's Faculty Partnership Team.
- This is a monthly online meeting where ARU and SU staff and students meet.
- People in attendance will include Deans, Course Directors, reps, and SU staff.
- Your job here will be to offer a student perspective on the faculty's actions and ideas.

Exec Committee

- This is a committee made up of student leaders from across the university.
- This includes the Campus Officers, Portfolio Officers, and one representative from each Campus Assembly and Portfolio Committee.
- If you are chosen to be a member of the Executive Committee then you will be fully trained on this at that time.

Campaigns

JO BUNKLE

- Campaigns are where students organise to improve conditions at the university on a wide variety of issues.
- The Students' Union supports our members to create and win campaigns, giving you administrative support and advice, as well as access to finances.
- You may be invited to help with a campaign by the officers.
- If you want to run a campaign, then you can contact the Campaigns Coordinator to put your ideas into action.

Policy

DEMI SMITH

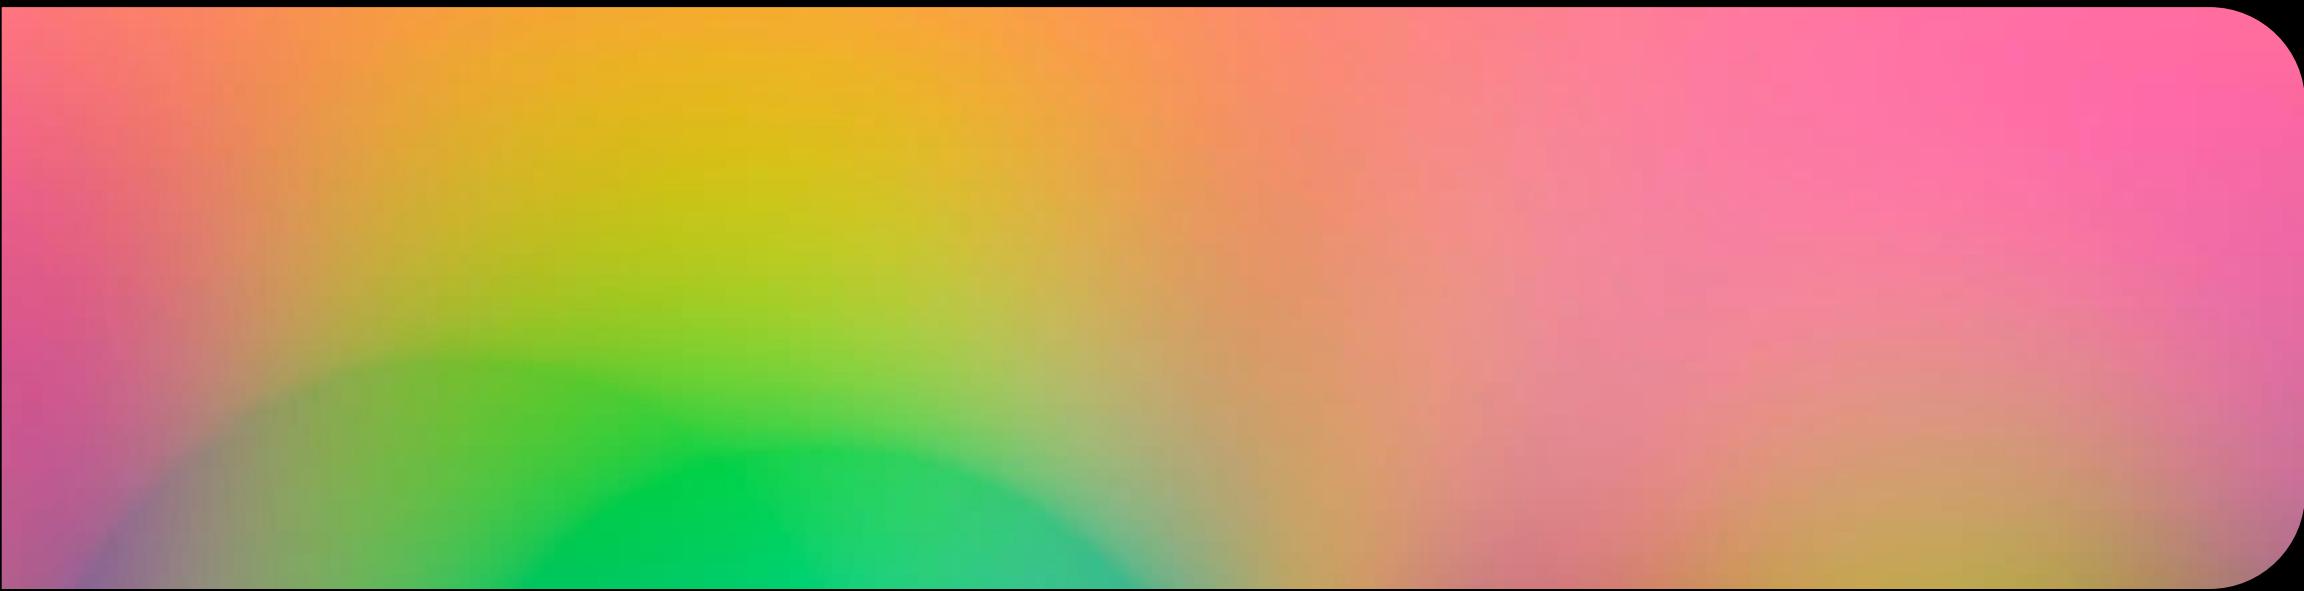

- Policies are actions, viewpoints, and principles that guide the work we do.
- They are submitted by students, trustees, or officers, but *never* by staff.
- Policies can only mandate the Union to do something, not ARU.
- They *can* mandate us to lobby ARU on something.
- If you want to propose your own policy, you can ask the Democracy Coordinator for help.

SU Campus Assembly

ROHAN RAJESH

- The Campus Assemblies are forums where you can propose ideas, campaigns, and policies on your campus.
- You can also attend to hear updates from the SU officer team.
- The Chelmsford and Cambridge Campus Assemblies are chaired by the Union President and are held online.
